THERE'S SURE REWARD

We cannot all be geniuses, or conquer wealth and fame,  
We cannot all do wonderful things, to make ourselves a name;  
We cannot all feel confident of meeting every test,  
But when we have our work to do, we all can do our best.  
Our best may not be wonderful, judged by a standard high  
But we can all do something well, if we will only try,  
And if we try our level best, performing every task,  
With all our might, why, that is all that anyone can ask.  
We cannot all be famous—if we were 'twould cheapen fame,  
We cannot all be rich enough to give ourselves a name;  
We cannot all expect to be distinguished from the rest,  
But some reward is certain for the man who does his best.

The standard by which all men should be measured is, their relationship with God and His wishes.

Don't be a grouch. All the world loves a jolly fellow. Be cordial, gracious and happy with all whom you meet.

Here lies the body of Mary Ann Lowder. She burst while drinking a seedlitz powder. Called from this world to her heavenly rest. She should have waited till effervesced.

A most enjoyable entertainment was that given Friday night at the home of Mr. and Mrs. C. A. Roach in honor of the Ladies Missionary Society. About 35 guests attended who were served with delightful refreshments.

Until the new edifice is completed services will be held in Owen Hall, the use of which was kindly tendered by the owner, Mr. John W. Owen.

Dr. Guy W. Musgrave returned from Somerville Thursday with a new Ford car.

Rev. Wells lectured Friday night at the local Baptist church.

### Fayette County Banks Prosperous

was picked up Thursday at noon by W. H. Pearce south of town and locked up in the town calaboose. During the night he sawed the bars of the small windows in two, but the space would not admit of his escape. Officers from the above town arrived Friday and accompanied him back to the scene of the crime.

Walter Carr of the Peoples Supply Company was a business visitor in Memphis Thursday.

From all reports Moscow is the leading cotton and seed market in the county of late, prices being "sky high" for both products. Business Saturday was about the best that the town ever experienced and money seemed plentiful. Local merchants could hardly wait on the trade that flowed into their places of business on that day.

Judge John J. Steger and Chas. A. Stainback are billed to speak here Thursday November 2 in the interest of the Democratic ticket, State and National.

This people have much to be thankful for regardless of the boll weevil and the future of the coming years crop. Don't wait until misfortune or sorrow overtakes you before properly appreciating the blessings of today.

Every Fayette county citizen should go to the polls and vote in the coming election and help make the size of our vote one to be proud of.

The writer of these notes is indeed grateful for the many kind expressions favorable to his humble efforts to send interesting news from this community to the Falcon, and regret that circumstances prevent us from being as regular with them as of yore. We hope we merit and will retain the good will of every person of the county who altho stranger to this writer, may continue at different times to find pleasure and good in notes from Moscow.

Under a recent call from the state banking department at Nashville every state bank in Tennessee published a sworn statement of their financial standing to the world. The eight banks of Fayette county make an excellent showing. The combined assets as shown by the statements published in the last two issues of The Falcon in October is \$890,085, and the combined deposits in the eight banks reach the splendid sum of \$569,235, these figures being, probably, the largest combined assets and deposits the banks of the county have ever shown. A comparison with last year at the same date is not possible for the reason that no statement was called for at the same date last year, but that the figures given in statements for this year are far above those of a year ago is certain.

The Fayette County Bank holds its place as the largest banking institution in the county, and the Moscow Savings Bank climbs to second place in assets, tho the La Grange Savings Bank still holds place of second in deposits. Every bank in the county shows a substantial increase in business over last year and thereby reflects a very fine financial condition of the county. With nearly a million dollars of assets and far more than half a million dollars of deposits the banks of the county are to be congratulated on the splendid showing they make.

Hon. H. C. True of Springfield, will be the guest of Fayette County Democrats at a rally to be held in Somerville today Friday. Judge True will speak at 11 o'clock.

The coming of Judge True to Fayette county will do much to strengthen the Democracy. He is one of the most forceful characters in the state. He is a splendid lawyer and a convincing speaker. Most of our citizens recall him in the Edgington case before the High Court of Impeachment last summer. He was counsel for Judge Edgington.

Judge True informed the state committee the other day that he would be ready at the last to make some speeches. Somerville is one of the places where he speaks.

### Big Circus Day Draws Nearer

The day of all days in the calendar of the small boy has arrived and the youngsters of this vicinity are anxiously counting the hours until circus day. It looks as though a large percentage of the population both young and old will be present when at one of the performances when the Barnum & Bailey Greatest Show on Earth exhibits in Memphis on November 13.

Not in several years has so much local interest been evinced in a circus event as has been displayed this season in the coming exhibition of the Barnum & Bailey circus. It is promised that the show will display more new and novel features than ever before including 100 new acts from Europe.

The principal feature is the new Oriental, spectacular pageant, "Persia, or the Pageants of the Thousand and One Nights." This great display, which is portrayed by 1,350 persons and hundreds of horses, elephants and camels, depicts in pageantry the famous tales of the Arabian Nights. In New York City, where this pageant was produced for the first time this Spring, it was announced the most gorgeous and stupendous Oriental display ever presented in America.

Among the foreign circus novelties to be seen for the first time this season are four troupes of wonderful Chinese performers direct from Peking, the great Hanneford family of riders, Signor Bagonghi, famous dwarf equestrian from Italy; James Teddy, champion jumper of the world; Pallenberg's two troupes of trained bears, and a host of other novel acts too numerous to mention individually.

The Barnum & Bailey circus is traveling this season on five trains made up of 99 cars. More than 1,400 persons are carried in the various departments of this great show, which also includes an enlarged menagerie of 108 cages and 41 elephants.

A brilliant new three-mile street parade will be given on the streets during the morning hours preceding the first performance.—Adv.

### Milk In Winter

Why do your cows give less milk in winter than they do in summer? Just because nature does not supply them with grasses and green foods. But we have come to the assistance of Dame Nature with A. B. Thomas' Stock Remedy which contains the very ingredients that the green feed supplies in season, only, of course, in a more highly concentrated form. We guarantee that this remedy will make your cows give more milk, and better milk, with the same feed. W. S. Shinsault
